Re: Extension Request for Submitting 1995 Annual Report, Mercur Mine, M/045/017,
Tooele County, Utah

Dear Mr. Beatty:

We are in receipt of your request for an additional extension for submittal of your 1995 annual report for the Mercur mine. You originally requested an extension from January 31st to March 31st and are now requesting an additional extension to April 30th. We will honor this second request; however, in the future, we would appreciate your best effort to provide these reports by January 31st each year as the rules dictate. Late submittals present a hardship upon this Division in preparing timely and accurate reports that have to be sent to other agencies which ultimately end up in the Governor's office.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
